## ENERGY STAR® Building Certification 2012 Rebate Application

Elk River Municipal Utilities, PO Box 430, Elk River, MN 55330 Ph: 763-441-2020

### Specific Rules and Qualifications

1. Existing or new commercial building projects qualify.
2. Commercial buildings achieving a score of 75 or higher using portfolio manager and verified by a professional engineer are eligible to apply for the ENERGY STAR® building reimbursement.
3. Rebates are available for implementing or installing energy efficient electrical equipment that performs beyond the Minnesota State energy code and meets requirements through either the prescriptive or custom rebate

programs. Existing equipment will not be considered for rebates. Check with your ERMU account representative for details.

4. Customers and vendors must submit itemized equipment invoices along with rebate applications, and worksheet to ERMU. These invoices must itemize labor charges, quantity, and price. The completed portfolio manager report shall be verified by a Professional Engineer (PE) and certified by ENERGY STAR® and are required for payment.

### Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by ERMU. ERMU shall not be responsible or liable for any personal injury or property damage caused by this equipment. ERMU does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall ERMU be liable for any incidental or consequential damages.

### Other Important Program Rules

1. ERMU will conduct inspections of installations/projects prior to processing any rebate applications.
2. Rebate must comply with all program specific rules and qualifications.
3. ERMU's cost-share is 50 percent/50 percent between ERMU and the customer, respectively.
4. The customer is responsible for checking with ERMU to determine whether funding is available and to verify program parameters. Please call Tom Sagstetter at (763) 635-1332.
5. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$20,000.
6. Qualifying members must apply for 2012 rebates no later than November 16, 2012.
