Fractional HP Motor Rebate 2012 Rebate Application

Elk River Municipal Utilities, PO Box 430, Elk River, MN 55330 Ph: 763-441-2020

Specific Rules and Qualifications

ERMU offers rebates to qualifying customers who purchase and install qualifying new motors (not rewound or repaired motors) in new or retrofit applications.

1. Rebates for retrofit applications are only available in the case where an existing fractional ac motors of comparable size is in place. Replacement of existing ECM or brushless DC motors do not qualify.

2. Rebates apply to motors from 1/64 hp to 3/4 hp.

3. The nameplate of the new motor must clearly state the efficiency in order to qualify for rebates.

4. Motors greater than 3/4 hp must be evaluated through the Custom Energy Rebate program by ERMU.

5. Motors controlled to vary speed depending on load conditions may qualify for the variable speed rebate of \$30/cumulative HP under the VFD prescriptive rebate.

Other Important Program Rules

1. Installation must be complete before rebate funds will be issued.

2. Customers and vendors must submit itemized equipment invoices, along with rebate application and worksheet, to ERMU. To ensure that the equipment installed meets ERMU's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all motors included in the rebate.

3. ERMU will conduct both preconstruction and postconstruction inspections of installations. Call 763-635-1332 to schedule.

4. Customers must apply for 2012 rebates no later than November 16, 2012.

5. Project must comply with all program specific rules and qualifications (see complete list of rebate specific rules).

6. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$10,000.

7. The customer is responsible for checking with ERMU to determine whether funding is available
