Premium Efficiency Motor Rebate - Retrofit 2012 Rebate Application

Elk River Municipal Utilities, PO Box 430, Elk River, MN 55330 Ph: 763-441-2020

Specific Rules and Qualifications

ERMU offers rebates to qualifying customers who purchase and install qualifying motors (not rewound or repaired motors) in retrofit applications.

1. Rebates will apply only for new premium efficiency motors (not rewound or repaired motors) for retrofit installations only.

– Rebates for retrofit applications are only available where a non-NEMA (National Electrical Manufacturers Association) premium efficient motor existed and a new NEMA premium motor will take its place.

2. Rebates apply to motors from 1 hp to 200 hp when they meet or exceed premium efficiency standards and offer the following features:

- AC Polyphase induction motor
- Squirrel cage rotor design
- NEMA design B torque characteristics
- Synchronous speeds of 3600, 1800, 1200 rpm

3. The nameplate of the new motor must clearly state the NEMA nominal premium efficiency in order to qualify for rebates.

4. Motors greater than 200 hp must be evaluated through the Custom Energy Rebate program by ERMU.

Premium Efficiency Motor Standards							
Open Drip-Proof (ODP)				Totally Enclosed Fan-Cooled (TEFC)

Warranty Information

Rebate qualifications do not imply any representation or warranty of such equipment, design or installation by ERMU. ERMU shall not be responsible or liable for any personal injury or property damage caused by this equipment. ERMU does not guarantee that a specific level of energy or cost savings will result from the implementation of energy conservation measures or the use of products funded under this program. In no event shall ERMU be liable for any incidental or consequential damages.

Other Important Program Rules

1. Installation must be complete before rebate funds will be issued.
2. Customers and vendors must submit itemized equipment invoices, along with rebate application and worksheet, to ERMU. To ensure that the equipment installed meets ERMU's performance standards, these invoices must itemize labor charges, quantity and price of the equipment installed, as well as information regarding the manufacturer and model numbers for all motors included in the rebate.
3. ERMU will conduct both preconstruction and postconstruction inspections of installations. Call 763-635-1332 to schedule.
4. Customers must apply for 2012 rebates no later than November 16, 2012.
5. Project must comply with all program specific rules and qualifications (see complete list of rebate specific rules).
6. The maximum rebate amount shall be the lesser of 50 percent of the project cost or \$100,000.
7. The customer is responsible for checking with ERMU to determine whether funding is available and to verify the program parameters.
